

Information: Please talk to your **customer representative/service desk** to enable Inspera Remote Exam / Inspera Smarter Proctoring for your plan. Once it is enabled for your account you can choose to enable it for a particular test in your test settings.

Enabling Inspera Exam Portal and Smarter Proctoring

Begin creating your test in the **Deliver** module.

1. Under the **Security** drop-down, click **Safe Exam Browser for PC and Mac** and then **Advanced options**.
2. Click **Enable Inspera Exam Portal**.
3. Select the **Security Policy** drop-down menu to choose your preferred security policy. [Learn more](#) about security levels.
4. Click **Automatically close lockdown browser when test is completed** to close the test after completion.

The screenshot displays the 'Security' settings page in the 'Deliver' module. The interface includes a top navigation bar with 'Author', 'Deliver', 'Monitor', 'Grade', and 'Report' tabs, and a right-hand navigation bar with 'Academy', a user profile icon, a notification bell, a settings gear, and a help icon. The main content area is titled 'Security' and contains several sections:

- Require Lockdown Browser:** Includes a checked checkbox for 'Safe Exam Browser for PC and Mac' (highlighted with callout 1). Below it are input fields for 'Invigilator password' (77ba7) and 'SEB password' (y17632). There are also checkboxes for 'Allow SEB to be used inside virtual environment (Citrix / VMWare etc)' and 'Allow candidates to change WIFI Learn more'.
- Enable Inspera Exam Portal:** A checked checkbox (highlighted with callout 2) and a 'Security Policy' dropdown menu set to 'Open' (highlighted with callout 3).
- Automatically close lockdown browser when test is completed:** A checked checkbox (highlighted with callout 4).
- Request Anti Plagiarism reports:** An unchecked checkbox.
- ID check. Learn more:** An unchecked checkbox.
- Require Day Password Learn more:** An unchecked checkbox.
- Start test manually:** An unchecked checkbox with a note: 'This will require invigilators to manually start tests via Monitor Learn more'.
- Invigilator instructions PDF:** An 'Upload' button.

The bottom navigation bar shows 'Standard mode' as the current view, with 'Setup' highlighted as the active tab. Other tabs include 'Design', 'Assessment settings', and 'Confirm'. A 'Next >' button is located on the right side of the bottom bar.

If Inpera Smarter Proctoring has been enabled for your institution:

1. Click **Enable Inpera Smarter Proctoring**.
2. Choose your recording options:
 - Only Video
 - Only Screen
 - Video + Screen
 - Video + Audio
 - Screen + Audio
 - All three (default)

The screenshot shows the 'Deliver' tab of the Inpera Smarter Proctoring configuration interface. The top navigation bar includes 'Author', 'Deliver', 'Monitor', 'Grade', and 'Report'. The 'Academy' name is displayed on the right, along with icons for user selection, notifications, settings, and help. The main content area contains several configuration options:

- Invigilator password: 77ba7
- SEB password: yi7632
- Require Day Password (unchecked)
- Start test manually (unchecked)
- Allow SEB to be used inside virtual environment (Citrix / VMWare etc) (unchecked)
- Allow candidates to change WiFi (unchecked)
- Enable Inpera Exam Portal (checked)
- Security Policy: Open
- Enable Assistive Technologies (unchecked)
- Enable Inpera Smarter Proctoring (checked, highlighted with a red circle and the number 1)
- Recording options (highlighted with a red circle and the number 2):
 - Video (checked)
 - Audio (checked)
 - Screen (checked)
- Automatically close lockdown browser when test is completed (checked)

On the right side, there is a section for 'Invigilator instructions PDF' with an 'Upload' button. The bottom navigation bar includes 'Standard mode', 'Setup' (active), 'Design', 'Assessment settings', 'Confirm', and a 'Next' button.
