The Inspira Team

Released 4th October 2019

For Author

- **Support for hiding answer interaction element** (Requires activation)

When creating a question with a video or audio clip, you can choose to hide the answer interaction element until video or audio playback is completed. Read the full guide [here](#).

The screenshot displays the configuration interface for a video player. On the left, a video player is shown with a play button. On the right, the configuration panel includes the following settings:

- Prompt:** Title: Video
- Video file (mp4):** Upload
- Options:**
 - Skin: Standard
 - Allow pausing during playback
 - Number of allowed playbacks: Unlimited
 - Interaction visibility: **Show when completed** (highlighted with a blue arrow and a blue box)

For Author and Grader

- **Bands & Criteria for an Oral/Sketch question type**

In addition to Essay question type, NOW it is also available for Oral/Sketch question type. Graders are able to mark within categories/criteria and award marks using thresholds/bands per category. Read the full guide [here](#).

The screenshot shows the configuration panel for the 'Marks' section. The 'Bands and Criteria' dropdown menu is open, showing the following options:

- Maximum marks
- Bands and Criteria** (highlighted)
- Criteria

Below the dropdown, the following criteria are listed:

- Criteria 1
10 marks

A 'Mark scheme' link is visible at the bottom of the panel.

Other improvements

- Improvement on Explanation of Grades notification: email notification for graders if a candidate in their committee has requested an explanation and if the request is cancelled. Email notification for planners when the explanation is marked as Ready by the grader.
- Students can now see extra time on the ticket in the test list. This includes incident time and also their new deadline.
- Navigation between Grade and Deliver: open in new tab with right click or ctrl+click.
- Extended FS/BAS/Sebra sync to update personal information in Inspira. *Requires activation.*
- Fixed issue with element becoming minimized in essay question type when using plain text.
- Fixed issue with displaying the wrong marking scheme on some questions.
- Fixed issues with audio files not loading in some instances after navigation.
- Fixed issue with autoplay of audio not always playing all alternatives.
- Fixed issue with undo action in programming question type after navigation.
- Fixed issue with blank deliveries being included in Excel Grade file (if configured).
- Other bug fixes and improvements.
